2. €5.9 million, or €5.85 per share, in the Company's first investment under the New Investment Strategy - a Luxembourg real estate fund where Eurocastle, as sponsor, generates returns through its share of investments made and certain subsidiaries receive asset management and incentive fees from third party investors.

3. A tax asset of €4.0 million, or €4.01 per share, representing amounts paid (and associated interest) in relation to additional tax assessed against a former German property subsidiary where the Company won the first instance of its appeal in December 2024. The German tax authorities have since appealed the decision and the Company is waiting for the date of the next hearing.

4. Residual interests in two legacy Italian Real Estate Fund Investments with a NAV of €0.06 million, or €0.06 per share, where the underlying apartments are now all sold and both funds are in liquidation.

## **Q1 2025 BUSINESS UPDATES & SUBSEQUENT EVENTS**

- **New Investment Strategy** – In 2024, Eurocastle launched a Luxembourg regulated fund, European Properties Investment Fund S.C.A., SICAV RAIF (“EPIF” or the “Fund”), through which it invests alongside selected co-investors. EPIF's key strategy is to acquire small to mid-size real estate and real estate related assets in Southern Europe with superior risk adjusted returns. The Fund initially closed with Eurocastle committing to invest €8 million alongside a €2 million commitment from its JV Partner. EPIF is now being marketed to potential investors with a target size of €100 million.

In addition to generating attractive risk adjusted returns on its share of any investments made, Eurocastle also anticipates receiving market standard management and incentive fees from third-party investors.

Up to the end of Q1 2025, EPIF had invested approximately €7 million. Eurocastle's 80% share amounted to €5.5 million, while its corresponding share of EPIF's net asset value as at 31 March 2025 stood at €5.9 million, reflecting an increase in the value of the real estate acquired to date.

**Subsequent Events to Q1 2025** – Since Q1, EPIF has received commitments of approximately €51 million from 15 investors taking the total fund size to over €61 million. In addition, prospective investors representing a further €20 million in commitments are in the final stages of due diligence.

In June, EPIF completed its second investment, calling approximately €1 million of capital to acquire a 70% interest in a vacant office property in central Athens. The asset was acquired from a defaulted borrower at a substantial discount to comparable sales in the area.

In addition, EPIF has an active pipeline that currently includes approximately €40 million of potential opportunities.

- **Legacy Italian Real Estate Funds** –The remaining NAV for these investments of €0.06 million, or €0.06 per share, reflects cash currently reserved in the funds that is expected to be released once the fund manager resolves certain potential liabilities and liquidates each fund.
- **Legacy German Tax Matter** – Prior to 2024, the Company had paid a net amount of €3.7 million in relation to the Legacy German tax matter against which it has raised a corresponding tax asset (together with associated interest). The Company, in pursuing the reimbursement of this amount through the German fiscal court, won the first instance of its appeal in December 2024. Shortly after, the German tax authorities appealed the decision through the German federal tax court and the Company is currently waiting to be notified of the date of the hearing.

The remaining potential exposure, associated with the same point under dispute, is estimated to be €1.7 million. This relates to the years 2013 to 2015 which remain subject to ongoing tax audits. Notwithstanding the Company's expectation that the tax matter will eventually be resolved in the Company's favour, as at 31 March 2025, the full potential liability of €6.0 million, or €6.00 per share (including associated defence costs and interest accrued), is fully reserved for within the Additional Reserves.

- **Additional Reserves** - As at 31 March 2025, of the total Additional Reserves of €10.6 million, €6.0 million related to the legacy German tax matter with the balance of approximately €4.6 million held in reserves to allow for future costs and potential liabilities while the Company consolidated in parallel the New Investment Strategy (the “Liquidation Reserves”).

**Subsequent Events to Q1 2025** – In light of the Company's strengthened financial position and prospects, the Board has reviewed the level of Additional Reserves and feel it appropriate to release the Liquidation Reserves.
